EMPLOYMENT

DUKE ENERGY 02/19-Present | UX Designer

(S-COM 02/19-Present)

- Implements UX/UI design initiatives by utilizing Duke Energy's Electron design system across development teams
- Assists in defining and reviewing requirements and use cases
- Identifies workflows to develop wireframes, mockups, and prototypes
- Performs usability testing and analysis
- Uses business process requirements to drive out application requirements and metrics
- Designs applications to meet the business requirements
- Validates designs with stakeholders to ensure requirement acceptance
- Codes the application user interfaces, classes, and components using HTML/CSS to hand off to developers to ensure a clear and complete understanding of the designs

HARTFORD INSURANCE 10/18-01/19 | Software Engineer

(Capgemini 10/18-01/19)

- Contributed to the WC FNOL Portal (Workers' Comp First Notice of Loss Portal) phase 1 of 3 ("bones", "muscle", and "skin")
- Developed code using HTML, SCSS, and Angular 6/Node
- Individual contributions:
 - Configured dynamic environment settings
 - Validated and submitted claim info, wrote requests invoking api and post calls
 - Implemented Code coverage with sonar cube and jenkins
- UI development using the HIGUX kit
- Unit Tested services and components
- Agile Scrum methodology
- Experience in Insurance software development

IAA (KAR AUCTION SERVICES) 11/14-10/18 | UX Designer

(TEK SYSTEMS 11/14-04/18)

- Conducted user research and interviews
- Used industry standard software to design and develop wireframes, low/hi fidelity mockups, and prototypes including Axure, Adobe CC, Sketch, Invision, and Zepelin
- Helped lead and create a pattern library which is currently being used to standardize applications through reusable code (HTML/CSS).
- Provided UX guidance throughout the length of each project

- Participated in creating user stories and documentation during visioning and implementation phases of We Deliver Process (Agile)
- Constructed landing pages and emails using salesforce
- Worked directly with developers to build responsive pages using HTML/CSS/JS
- Mentored junior designers
- Coded application components while maintaining project schedules and tasks
- Worked with project managers and other team members to help identify design and front end solutions
- Participated in creating user stories and documentation during visioning and implementation phases of We Deliver Process (Agile)
- Experience working with web services
- Helped lead and create a UX design pattern library

LAUGHLIN CONSTABLE, 09/14-10/14 | FED

(Aquent 9/14-10/14)

- Developed HTML/CSS using Responsive Design
- Delivered Email and HTML Templates

ACQUITY GROUP (ACCENTURE INTERACTIVE), 01/13-08/14 | Senior Associate, FED

- Produced HTML/CSS templates from design documentation for integrating into desktop and mobile websites and web applications
- Experience working and developing in MV* framework Backbone.js
- Delivered standards-compliant, user-focused web solutions
- Assisted in development of standards, methodology and repeatable processes
- Worked directly with client and 3rd Party Vendors as well as design, business, and technical counterparts across AG practice areas
- Clients: Airgas, Coca-Cola, Cooper Industries, First Data, Kiehl's, PetEdge

RAZORFISH, 09/12-01/13 | Senior Web Designer

(Direct Contract 9/12-01/13)

- Assisted in designing a 200+ page toolkit in which to aid developers migrating content from client's current site to mobile, tablet, and desktop experiences
- Responsible for learning and understanding both the client's style guide and Razorfish's DVTS
- Exhibited good workflow and project management as well as individual competency in responsive design and user experience

HUBBARD ONE, 06/10-08/12 | Interactive Web Designer and FED

(Wunderland 06/10-12/10)

- Delivered website concepts to strategists and clients to sell creative decisions
- Developed using HTML5/CSS3/Javascript/AS2/XML technologies
- Responsible for web builds, ongoing services, and mobile experience

- Collaborated with project managers, team members, and 3rd party vendors to meet expectations and deadlines by following wireframes and functional documents
- Provided estimates as needed

FREELANCE, 11/09-06/10 | Interactive Web Designer
